

Press Release

Restart the Engine and Forward Together to Charter a New Chapter

*The World's Largest and Most Influential Maritime Event of the Year
Marintec China 2021 to be held in Shanghai in December*

(Press conference was held on 12 October in Shanghai to update all on the development and new initiatives at Marintec China 2021)

China Shanghai, 22 December 2021 - The Organising Committee has officially announced the details of Marintec China at the press conference on 12 October. Themed "Forward Together", the four-day event will be held from 7 – 10 December at Shanghai New International Expo Center. Marintec China is the ideal hub for shipbuilding enterprises to accelerate and scale up business opportunities in China and beyond.

MARINTEC CHINA 2021 – THE INDUSTRY'S LEADING BAROMETER

In 2021, Marintec China will welcome 13 Country and Region Pavilions including Austria, China, Denmark, Finland, Germany, Hong Kong SAR, Japan, South Korea, Netherlands, Norway, Singapore, Sweden, and Switzerland. Over 1,400 exhibitors from 30 countries and regions will be showcasing their products and services in six exhibition halls. With international exhibitors covering Halls N1 and N2, and well-known domestic enterprises including China State Shipbuilding Corporation (CSSC), COSCO Shipping Corporation, China Merchants Industry, CIMC Raffles, Zhenhua Heavy Industry, Weichai Power, China Classification Society and more lining up at Halls W5-W2.

"Decarbonisation" has become the most discussed topic in the marine community, energy saving and environmental technologies, especially clean fuel technology are showing great market potential. At Marintec China, green environmental technologies and innovation products including dual fuel engines, fuel cells and clean fuel technologies will all be under the spotlights. Presentations on R&D achievements in low-carbon and non-carbon fields, fuel LNG supply system (FGSS), ballast water treatment system, desulfurisation device and other environmental products will be among the feature exhibits from key enterprises. Another highlight at the fair is the application of digital, intelligent, 5G and other technologies in the marine industry. At the fair you can visit various intelligent marine equipment and related equipment, systems and platforms. Marintec China 2021 promises to be a stellar edition, rich in new launches, technical exchanges, insider insights, compelling seminars, signing ceremonies and industry excitements.

SENIOR MARITIME FORUM – FEATURES GLOBAL INDUSTRY EXPERTS

Running concurrently at the Kerry Hotel, Senior Maritime Forum gathers world's top leaders in the industry to explore how emerging technologies and innovative advances can power the future of shipbuilding industry. This year theme, "Innovation, Intelligence and Low Carbon" will feature two topics "Digitalisation" and "Decarbonisation" with five sessions of "Keynote Address", "Shipbuilding and Ocean Engineering", "Shipping and Port", "Maritime Finance and Law" and "Marine Equipment Technology", as well as a special added session of "Smart Ship". For the first time, the forum will be staged in hybrid mode, attendees can experience the excitement at the show floor or safely at their home through Marintec Global Link, Wechat and other channels.

MARINTEC GLOBAL LINK – OPTIMISING OPPORTUNITES WITHOUT BOUNDARY

Due to the pandemic, Marintec China extended its presence to digital platforms and raised the level of "Informatisation". Launching this year, Marintec Global Link, a business matching service will be hybrid enabling overseas visitors to meet with exhibitors at the show floor effectively. The Team will bring overseas visitors to the exhibitors' stands to conduct meetings via our online platforms. Visitor registration will be available at the event website in late October.

FORWARD TOGETHER

Ms Stella Fung, Event Director, Informa Markets said "Marintec China puts exhibitors and visitors in the front seat for developing their respective business in China. And as Asia's leading platform, Marintec China offers a highly targeted networking opportunities. We will build the future and progress forward together. Hope to see you all in December!"
