Marintec China to be Rescheduled to 2023

Marintec China, the largest and the most important maritime event of the year, has today confirmed that Marintec China will now take place from 5 - 8 December 2023 at Shanghai New International Expo Centre (SNIEC). The Organising Committee of Marintec China has made this decision in light of continued government restrictions, and to ensure a safe and successful event for all involved.

For over 40 years, Marintec China has been the bridge between China and the international maritime community, providing an expansive, multi-channel opportunity for the maritime community to meet and do business. As of end of October, more than 1,500 enterprises from 30 countries and regions have confirmed their participation in the upcoming exhibition. Over 60 eminent experts from China and abroad were invited to present at the Senior Marine Forum. For this, we are deeply grateful.

With the support of the Ministry of Industry and Information Technology, the Shanghai Municipal Government, and the effort of all relevant partners, we will be dedicated to making Marintec China 2023 a remarkable event of the maritime industry.

We shall meet again in Shanghai in December next year, and thank you all for your understanding and patience. If you have any questions or would like more information on Marintec China, please contact the Team at marintec-hk@informa.com.
